GUIDED MISSILE INTELLIGENCE COMMITTEE

24 December 1957

MEMORANDUM FOR: Chairman and Members, Ad Hoc Subcommittee for
Guidance to Collectors

SUBJECT : REG Priorities and Guidance

1. The Guided Missile Intelligence Committee (GMIC), at a meeting on 12 December 1957, discussed the problem of REG priorities and guidance. It was agreed that the matter of GMIC providing REG advice on priorities and required additional substantive guidance be considered by the Ad Hoc Subcommittee for Guidance to Collectors.

2. The Committee members have recognized the necessity for weighing carefully the degree of emphasis placed on providing advice and guidance to REG with the prospective value of the information received by the intelligence community from REG interrogations.

3. It is considered appropriate at this time, when the value and timeliness of REG interrogation information is rapidly decreasing, that GMIC, through its subcommittee, prepare a review for REG on priorities and guidance. Barring unforeseen events, this should be the final guidance provided by GMIC.
